## Registered Laboratory

The Insulation KEYMARK Expert Group concluded after audits and comparative testing that

### **Laboratoire national de métrologie et d'essais (LNE) F - Trappes-Elancourt**

complies to the highest degree with the criteria set for Registered KEYMARK laboratories and has demonstrated excellent competence and experience in testing thermal insulation products in addition to their accreditation EN ISO/IEC 17025 and notification under the Construction Products Regulation (EU 305/2011).

The Insulation KEYMARK has therefore decided to grant registration for

Scope of testing:

#### **Thermal conductivity curve for flat products Measurement of trace quantities (Chloride-Ion)**

Issued	2022-10-18
valid until	2025-10-18
